### 4. SCHEDULES – Time updates

Information in this Athlete's Guide is subject to change without prior notice. Updates will be posted at the Athletes' briefing. Any updated version of this Guide will be identified by the version date (Vdd.mm).

Version V18.06

## Welcome to the 2025 World Triathlon Multisport Festival in Pontevedra!

Dear friends,

It is with immense pleasure and excitement that I extend a warm welcome to you all for the 2025 World Triathlon Multisport Festival in Pontevedra, Spain!

From June 20th to 29th, Pontevedra will once again become the global epicenter of multisport, hosting what promises to be the most spectacular edition of the World Triathlon Multisport Championships to date. Having raised the bar with the memorable event in 2019 and then staging the 2023 World Triathlon Championship Finals, Pontevedra has proven its status as a world-class destination for our sport, and we are delighted to return.

This year, we anticipate a record-breaking event, with more than 3,000 athletes participating across six thrilling disciplines: Duathlon, Cross Triathlon, Cross Duathlon, Aquathlon, Aquabike, and Long-Distance Triathlon. The world-class courses, set against the breathtaking backdrop of Pontevedra, including the iconic Los Tirantes Bridge and the picturesque Lérez River, will provide an unforgettable and challenging race experience for everyone.

The Cross Triathlon and Cross Duathlon events at the Pontillón do Castro reservoir in Verducido, known for its natural beauty and optimal race conditions, will add another layer of excitement to this incredible festival of sport.

But the 2025 World Triathlon Multisport Festival is about more than just competition. Across ten days, Pontevedra will transform into a vibrant celebration of culture, music, and community, featuring live music, including a headline concert by Javier Gómez Noya's rock band, the Pontevedra Art Biennial, outdoor cultural events, guided tours, the Pride & Diversity Festival, a dedicated Championship Expo, and spectacular Opening and Closing Ceremonies.

I would like to express my sincere gratitude to the Spanish Federation, the city of Pontevedra, our dedicated sponsors, the tireless volunteers, and the entire staff whose unwavering commitment and dedication make this event possible. And of course, a heartfelt thank you to all the athletes and coaches, whose passion and dedication inspire us all.

We are confident that the 2025 World Triathlon Multisport Festival in Pontevedra will be an unforgettable experience for everyone involved. Get ready for an incredible ten days of sport, culture, and camaraderie!

Warm regards,

**Antonio Arimany**

**World Triathlon President**

## Welcome Message from the President of the Spanish Triathlon Federation

Dear triathlon friends,

It is a true honor for me, as President of the Spanish Triathlon Federation, to welcome everyone joining us for this major international event: the 2025 Multisport World Championships in Pontevedra.

Pontevedra is, without a doubt, one of the great global capitals of triathlon. Over the past years, it has hosted top-level national and international events, becoming a benchmark for our sport thanks to its exceptional organizational capacity, strong institutional and community involvement, and a passion for triathlon that can be felt in every street, every volunteer, and every fan.

This city has seen the growth and success of legendary athletes like Javier Gómez Noya, who embodies everything our sport represents: effort, humility, and excellence. His legacy continues to inspire new generations and undoubtedly contributes to Pontevedra remaining a dream venue for athletes from all over the world.

Following the success of the 2023 World Triathlon Championship Finals, we return in 2025 with the Multisport World Championships — a competition that brings together thousands of athletes and supporters from multiple disciplines and corners of the globe. And it won't be the last time: we'll be back in 2026, reaffirming our ongoing commitment to sport, tourism, and the values that make triathlon a powerful tool for social transformation.

Thank you to the Pontevedra City Council, the Provincial Government, the Xunta de Galicia, World Triathlon, all partner institutions, and of course, the people of Pontevedra, who turn each edition into a celebration of sport and community.

To all athletes, coaches, teams, and fans: welcome. May you enjoy this unique experience in a city that has become an inseparable part of triathlon history.

With all my appreciation and gratitude,

**José Hidalgo Martín**

**Spanish Triathlon Federation President**

## Welcome Message from the President of the FEGATRI (Federación Galega de Tríatlon e Péntatlon Moderno)

Dear friends, athletes and triathlon and sport lovers,

It is an honour for me to address you all on this special occasion and to welcome you once again to Pontevedra, a city committed to triathlon and multisport, and whose experience in organising high-level events will guarantee the success of this edition of the Triathlon Multisport Championships 2025. With its natural beauty, top-level circuits and a firm commitment to sustainability and culture, Pontevedra will be the epicentre of a sporting celebration of the highest level. This championship, which will combine historical and natural areas, will show the world the birthplace of great Galician triathletes and will take Galicia, its culture, its landscapes and its gastronomy to all corners of the world through its visitors.

On behalf of the Galician Triathlon Federation, we would like to thank all the institutions, sponsors, participants and volunteers who make this event possible for their trust and enthusiasm, without their effort, support and dedication it would not be possible. Likewise, we extend our gratitude to the spectators and fans who, with their warmth and enthusiasm will create a great atmosphere that will push our athletes to the top.

I invite you to enjoy this unique experience, where the spirit of competition, community and celebration come together in an incomparable setting. We are confident that this event will not only be a sporting success, but also an opportunity to share, learn and celebrate the passion for sport. Together, we will make this championship an event that inspires future generations and reaffirms our community's commitment to triathlon and sport.

See you in Pontevedra in 2025!

Javier Campos Peña

FEGATRI President

## 2 ABOUT PONTEVEDRA

### 2.1 MAIN COMPETITION VENUE

The main competition is located close to the river Lérez, in the CGTD - Centro Galego de Tecnificación Deportiva (Galician High-Performance Center) for the Duathlon, Aquathlon, LD Triathlon and LD Aquabike events. [Link to maps](#).

Cross events will take place in the David Cal Sports Center in Verducido.

The EXPO area, along with the Registration and Race Pack delivery, will be at Plaza de España.

Age-Group Medal ceremonies will take place in Plaza de España, close to the EXPO area.

### 2.2 LOCAL WEATHER

In June daytime temperatures usually reach 20°C, falling to 10°C at night.

Check the local weather details [here](#).

### 2.3 WHERE TO GO AND VISIT

Pontevedra has numerous places of tourist interest to visit, as well as leisure, recreational and cultural activities.

For more information, visit the [Official Pontevedra Tourism](#) website, and follow the Council's official social networks, such as [Facebook](#) or [Instagram](#).

## 3 TRAVEL, TRANSPORT & ACCOMMODATION

The event Official Travel Agency is **BCD Meetings and Events**.

For all issues related to travel, transfers, car rental and accommodation contact:

[triathlon@bcdme.es](mailto:triathlon@bcdme.es)

### 3.1 VISA

If a Visa is required for your entrance to Spain, please mail all the required information to the Spanish Triathlon Federation at the following contact:

Lourdes López [lourdes.lopez@triatlon.org](mailto:lourdes.lopez@triatlon.org)

### 3.2 HOW TO ARRIVE TO PONTEVEDRA

For details and options on how to drive to Pontevedra, please visit our [website here](#).

For more details about airport transfers to Pontevedra, please visit our [website here](#).

### 3.3 GETTING AROUND PONTEVEDRA

For the inhabitants of Pontevedra, living in a car-free city is a reality. More than 70% of the urban journeys are made on foot or by bicycle and only three out of ten people who move around the city do so by car. Pontevedra is a city to walk around, to explore all its corners and get lost in the midst of its streets and squares. Park the car and walk!

#### On FOOT with Metrominuto

Pontevedra is the ideal city for walking, not only because of its size, but also because its urban model is designed by and for pedestrians, so attentive to non-motorised mobility that it has freed its main streets from traffic. In addition, the main urban itineraries are completely pedestrian, and most of them, with wide sidewalks. Enjoy the walking city on foot and use your own energy to move around it from one place to another. In Pontevedra they have designed this scheme taking the well-known aesthetics of this transport to make the [Metrominuto](#), or what amounts to a map with the pedestrian distances and the time it takes to travel them.

#### By BIKE

Pontevedra is mainly a pedestrian city, although vehicles are allowed on almost all streets, but only under certain conditions and depending on whether they are necessary or not.

There are almost no bicycle lanes, as bicycles are just another vehicle and have the right to circulate on the road with full respect for other vehicles such as cars and motorbikes.

Cycling is permitted throughout the city, with no restrictions other than those set out in the municipal regulations, which can be summarised as follows:

- It is forbidden to cycle on sidewalks.
- Bicycles are allowed to circulate on pedestrian streets, but with absolute respect for pedestrian traffic, adapting their speed to the pace of pedestrians and without harassing them or attracting their attention under any circumstances. Bear in mind that a large part of the streets in this city are for coexistence, without the constant presence of cars.
- The city's streets are adapted for bicycle traffic, as motor traffic is calm and the effective maximum speed on all streets is 30 km/h. There are numerous raised pedestrian crossings, allowing vehicles to avoid urban speeds.
- On carriageways/motorways shared with cars, bicycles are not allowed to cycle in the opposite direction.
- On roads, bicycles should not ride on the side of the road: they should occupy the centre of the road; cars should adapt to their speed.
- Cyclists are advised to adopt a positive, friendly and harmonious attitude towards other road users, whether drivers or pedestrians. Everyone, whatever means of transport they use, has the right to public space.

## IN VEHICLE

All vehicles can enter the urban area of Pontevedra, regardless of their environmental label, without time restrictions or tolls, as long as they are necessary for the normal operation of the city. Practically the entire urban area of the city has been subject to traffic reduction measures for years, so it is an exception to the restriction on the entry of vehicles that applies to all municipalities with more than 50,000 inhabitants to improve air quality.

## By TAXI

The city of Pontevedra has several taxi ranks in its main streets for those who decide to use this method of transport to move around the city and its surroundings. In addition, it has two taxi services you can call to pick you up wherever you are: [RadioTaxi](#), which you can access by the website or calling 986 86 85 85, or Teletaxi Pontevedra, whose number is 986 10 10 10.

All taxis in the city are officially identified, with authorisation from the City Council, and there is no other private transport service (VTC) in Pontevedra as the priority is still to travel on foot.

## By BUS

The design of Pontevedra's urban bus is adjusted to the characteristics of the city model and, in this respect, one of the criteria applied is to keep the bus traffic out of the central core of Pontevedra, creating a perimeter from which any point in the centre can be reached without buses crossing the main streets and endangering pedestrian traffic. See [here](#) maps and rates.

## 3.4 WHERE TO PARK IN PONTEVEDRA

The pedestrian character of the city means that there are plenty of car-free streets.

Free parking is available at [various locations around the city](#), but close to the city centre.

There are also thousands of paid parking spaces scattered throughout the city.

Some central streets allow 15-minute, so-called 'service' stops for limited time. All hotels allow cars to enter - even if they are in pedestrian areas - to unload luggage and then take it to a suitable location.

## 3.5 LOCAL INFO ABOUT ACCOMMODATION

Pontevedra has an excellent and varied range of hotels for all tastes and price ranges, running from a national inn through to different types of hotels of different categories and ratings, pilgrim inns, hostels or tourist apartments and houses. More info [here](#).

The staff are friendly and always understand the needs of each guest, and you shouldn't have any problems with the language (most of the staff speak or defend themselves well in four languages: Galician, Spanish, Portuguese and English).

The city's inhabitants are used to dealing with visitors, so if you have any doubts, don't be afraid or embarrassed to ask anyone on the street about where to go, what to do or where to eat.

### 3.6 MOTORHOMES PARKING AREAS

There will be one motorhome parking area next to the CGTD venue. [Location here.](#)

They are free of charge and no booking necessary, the space will be occupied on a first come first served basis.

#### Motorhome/Caravan area

Calle José Malvar Figueroa, 46 36002 Pontevedra | +34 986 090 890

##### Services

- |                                   |                                    |                     |
|-----------------------------------|------------------------------------|---------------------|
| - Public area (urban environment) | - Open 365 days                    | - Restaurant / cafe |
| - Price: Free                     | - Overnight stay                   | - Shopping          |
| - Number of places: 20            | - Drinking water                   | - Playground        |
| - Authorised stay 72 hours        | - Drainage of black and grey water | - Pets allowed      |

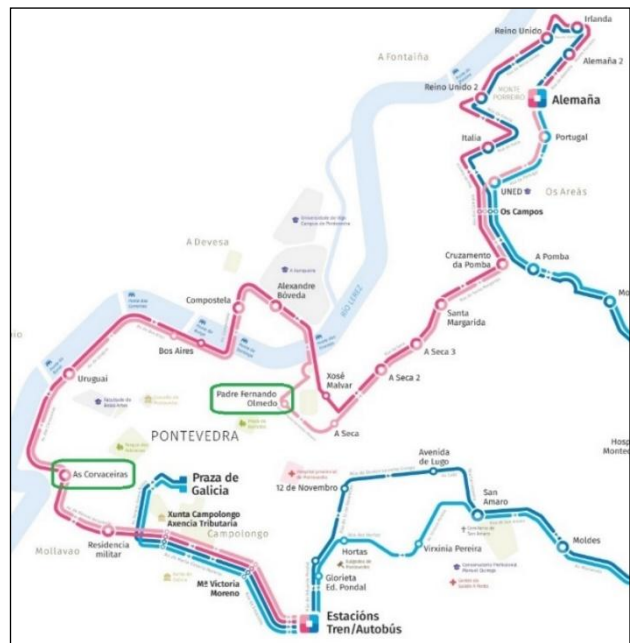

[Here more info and images.](#)

### 3.7 HOW TO ARRIVE TO THE VENUE IN PUBLIC TRANSPORT

You can reach both the **EXPO** at Plaza de España (stop "As Corvaceiras" and then about 7 minutes' walk) and the **CGTD** in Rúa Padre Fernando Olmedo (stop "Padre Fernando Olmedo") with the **Line 1** of the urban bus. Single ticket is €1,50.

**IMPORTANT:** On race days, bus schedules and routes can be modified and/or partially cancelled.

Pontevedra public transport website:  
<https://pontevedra.gal/transporte-publico/>

### 3.8 HOW TO ARRIVE TO VERDUCIDO

The David Cal Kayak High Performance Center in Verducido is located about 12 kilometres north of Pontevedra.

The fastest route is via N-550 and PO-224 roads.

You can also arrive via EP-0011 road which, a quieter route which is we recommend if you go with your bike.

[How to arrive.](#)

### 3.9 WHERE TO PARK ON RACE DAYS?

#### PONTEVEDRA CGTD VENUE

Only the accredited Elite/U23, Junior and Paratriathlete official **National Teams** vehicles will be allowed to access and park in the competition venue (CGTD and surroundings) during race days.

Contact: [services@triathlon.pontevedra.org](mailto:services@triathlon.pontevedra.org)

**For all others**, please visit

<https://www.visit-pontevedra.com/en/prepare-trip/how-to-get-around/> for free and paid parking zones in Pontevedra city centre, outside the competition area.

Pontevedra is the ideal city for walking, not only because of its size, but also because its urban model is designed by and for pedestrians, so attentive to non-motorised mobility that it has freed its main streets from traffic. Park the car and walk!

#### FREE PARKING AREAS IN VERDUCIDO

<b>Red Area</b>	Parking is strictly forbidden.
<b>Blue area</b>	Tuesday 24: entry access until 11:30 - exit from 18:10 Thursday 26: entry access until 11:30 - exit from 17:20
<b>Green area</b>	Access until 11:30 – free exit (small space area)

Detailed information in each event Athletes Guide.

### Duathlon, Aquathlon and LD Triathlon/Aquabike

The competition venue is located in the CGTD - Centro Galego de Tecnificación Deportiva (Galician High-Performance Center).

#### Services in the CGTD (Duathlon-Aquathlon-LD Triathlon/Aquabike)

- Athletes Lounges (Elite/U23 & Para)
- Mechanical service (on race day)
- Transition Area 2 (Elite/U23)
- Transition Area (Age-Group Duathlon/Aquathlon)
- Recovery area (Elite/U23, Para athletes)
- Medal ceremonies (Elite/U23, Para Athletes)
- Doping Control
- Finish Line GrandStand
- Lost and found (Elite/U23, Para Athletes)
- Chemical toilets

#### Services in the University Pavilion (Age-Groups Duathlon-Aquathlon-LD Triathlon/Aquabike)

- Showers
- Cloakroom (Age-Groups bag drop-off)
- Lost and found
- Recovery area
- Toilets

## Cross Triathlon and Cross Duathlon

The competition venue will be the David Cal Sports Center in Verducido.

### Services in David Cal Sports Center (Verducido)

- Athletes Lounges (Elite/U23 & Para)
- Cloakroom (Age-Groups bag drop-off)
- Mechanical service (on race day)
- Transition Area (Elite/U23)
- Transition Area I Age-Group
- Recovery area (Elite/U23, Para, AG Athletes)
- Doping Control
- Lost and found (Elite/U23, Para, AG Athletes)
- Chemical toilets

## 6.2 LOST&FOUND

There will be Lost & Found offices in the CGTD, in University Pavilion, David Cal Sports Center (Verducido) and in the Expo-Registration area.

## 6.3 PARADE OF NATIONS & OPENING CEREMONY

The NF's delegation's meeting point for the Parade of Nations will be Plaza Herreria at 18:00.

At 18:30 we will take a short 350 metres walk to Plaza de España where the Opening Ceremony will take place from 19:30.

The venue for the opening ceremony will be open to the public.

During the Opening Ceremony we will enjoy the performances of [Pablo Mendez](#) and the [Agrupación Folklórica Celme](#).

## 6.4 CLOSING CEREMONY

The Closing Ceremony will take place in Plaza de España at 21:30 after the Age-Group medal ceremonies.

The venue for the closing ceremony will be open to the public.

During the Opening Ceremony we will enjoy the spectacles of “[Broken Peach](#)” and Javier Gomez Noya’s “[Liorta](#)” band.

### Exchange of National Team uniforms

It has always been a tradition that at the end of a European or World Championship, triathletes exchange their uniforms with athletes from other countries.

We retake this tradition in Pontevedra!

Take your National Team uniform to the Age-Group Medal Ceremonies and Closing Ceremony of the 2025 World Triathlon Multisport Championships Pontevedra and exchange it with the one you like from another country.

In addition to being fun, this action encourages cultural diversity and the circular economy (reuse and recycle) in the event, expanding the use of clothes that perhaps you were not going to use anymore.

## 6.5 PARALLEL ACTIVITIES

Find below the extensive [programme of parallel activities](#) that can be enjoyed by those who come to Pontevedra during the last ten days of June during the 2025 World Triathlon Multisport Championships Pontevedra.

## 7 UNIFORM RULES

At the **2025 World Triathlon Multisport Championships Pontevedra**, all athletes should comply with the approved National Federation uniform colour/format. The uniform must follow World Triathlon uniform rules. Hats, helmets and race belts with logos are allowed. For further information, please see the World Triathlon Competition Rule Book.

**Elite, U23, Para athletes** click [HERE](#) to check the Approved National Federation Elite Multisport Uniforms. Please contact your NF if necessary.

For **Age-Group athletes** in World Triathlon Championship Finals it is compulsory to wear the trisuit of your National Federation, the country you are representing. Contact your NF if necessary, **there will be no exceptions**. Check [HERE](#) the approved NF's Age Group uniforms by World Triathlon.

If your uniform has a long front zipper, we remind you that the front zipper can be undone any length provided that (1) the zippers should be connected at the bottom of the uniform at all times, and (2) the top of the uniform should cover the shoulders at all times. The uniform should be fully zipped up in the last 100 metres before the finish line.

## 8 COMPETITION RULES

Standard procedures will be followed according to the [World Triathlon 2025 Competition Rules](#).

Click [HERE](#) to check World Triathlon Rules FAQ.

*To clarify the rules, please contact the Head Referees.*

Multisport  
World Championships

PONTEVEDRA  
2025

# KNOW THE RULES

All the information below taken from the World Triathlon Competition rules, available to download from the World Triathlon website.

[triathlon.org](https://www.triathlon.org)

## KNOW THE COURSE

Make sure you know which route to take – check out course maps. If unclear, ask the Event Organiser before race day. Marshals are there to ensure the safety of the event, not just to point you in the right direction!

## BEHAVIOUR

Everyone involved in your race is there to ensure you have a safe and enjoyable experience. Please respect your fellow competitors and treat all Technical Officials, Event Organisers, volunteers and spectators with courtesy. Any abuse towards these people will not be tolerated.

## OUTSIDE ASSISTANCE

Athletes may not provide essential race equipment to other athletes in the same competition, while the competition is in progress. Specifically, items that may not be provided to other athletes includes but is not limited to complete bicycles, bicycle frames, wheels and helmets. The penalty for this will be disqualification of both athletes. Athletes may provide to other

athletes competing in the same competition other items of equipment provided that the donor is able to continue with their own competition. An athlete cannot physically assist the forward progress of another athlete. This will result in DSQ. If the athlete receiving assistance accepts it is not actively trying to reject this assistance, he will be DSQ.

## LITTERING

Dispose properly all litter/equipment within clearly identified areas such as aid stations or rubbish disposal points set by the Event Organiser.

## HEALTH CONDITIONS

World Triathlon encourages all the athletes to undergo a periodic health evaluation (PHE) and to undergo a pre-participation evaluation (PPE) prior to engaging in competitive sport.

## CLEAN SPORT

World Triathlon fights for a clean sport. All athletes are responsible for familiarising themselves with the World Triathlon Anti-Doping Rules including medical and doping control tests, testing obligations, rights, responsibilities and procedures, penalties and appeal processes, and prohibited substances and methods.

## ILLEGAL EQUIPMENT

Any device distracting the athlete from paying full attention to the surroundings is forbidden (e.g. MP3 players, mobile phones and personal video recording devices.) Leave these outside transition.

## UNIFORM

Athletes uniforms must comply with the guidelines regarding authorized identification.

Uniforms must be worn during the entire competition.

## ZIPPER

Front zipper can be undone any length provided that (1) zipper is always connected at the bottom, and (2) the top of the uniform always cover the shoulders.

The uniform must be fully zipped in the last 100m before the finish line.

## RACE BIB NUMBER

Race bib numbers are mandatory during the run leg only. They must be visible from the front.

Take care not to fold or damage your number!

# KNOW THE RULES

All the information below taken from the World Triathlon Competition rules, available to download from the World Triathlon website.

[triathlon.org](https://www.triathlon.org)

## WETSUIT USE TEMPERATURE

Swim Length	Forbidden	Mandatory
< 1500m	22°C and above	15.9°C and below
> 1500m	24.6°C and above	15.9°C and below

For 60+ Age-Group, the rule for distance above 1500m is valid for all distance

## TRANSITION

Competitors should only bring into transition what is needed for the competition. Personal bags and belongings must be deposited at the bag drop off area.

## HELMET

All athletes must have their helmet securely fastened and cannot open/close the locking mechanism of the helmet from the time they unrack their bike until they rack it back and let go after the finish of the bike segment.

## DRAFT ILLEGAL BIKE

## DRAFT LEGAL BIKE

## HYDRATION SYSTEM

Hydration volume mounted to components that rotate around the steering axis must have a combined maximum capacity of 2 litres. Rear Mounted hydration systems cannot contain more than two water bottles of maximum 1L per bottle.

Check the specifications in the rule interpretation around the World Triathlon Fairing rule.

## OTHER TIME PENALTIES THAN DRAFTING

There are two types of infringement penalized with time penalties.

They will be served at the following locations:

Drafting: see specific poster

Other infringements

1 min. – long distance events;  
30 sec. – middle distance events;  
15 sec. – standard distance events;  
10 sec. – sprint distance and Mixed Relay events;  
5 sec. – shorter distance.

YELLOW card

Infringement	Where
Start	T1
Swim	T1
Transition 1	Warning at T1
Bike	Bike Penalty Box
Transition 2	Warning at T2
Run	Warning/Time Penalty on the spot

## PROTEST

Athletes can protest against the conduct of an athlete, Technical Official, a Coach or any accredited personnel, or against decisions made by the Head Referee. Protest cannot be made for drafting violation or if time penalty has been served.

## FINISH

Athletes cannot be accompanied by any non-competing person in the finish chute.

# KNOW THE RULES

All the information below taken from the World Triathlon Competition rules, available to download from the World Triathlon website.

**triathlon.org**

## WHAT IS DRAFTING and BLOCKING?

Drafting is taking shelter behind another athlete or motor vehicle during the bike leg to gain a competitive advantage.

BLUE card

Blocking is holding a position on the course which prevents an athlete behind from passing you.

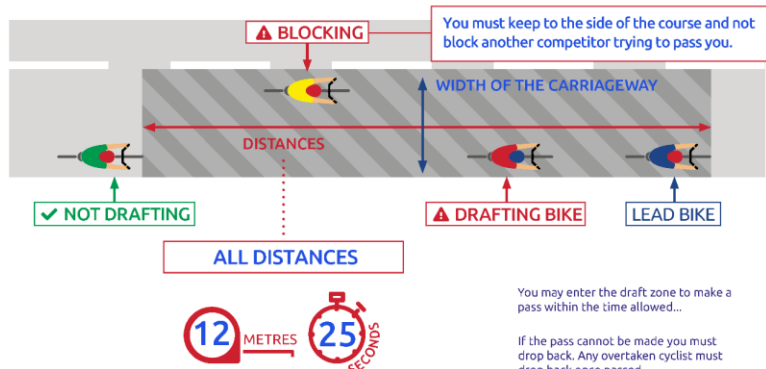

YELLOW card

Technical Officials do not have to provide a warning about drafting before issuing a time penalty.

Both infractions are sanctioned by a time penalty to be served in the next penalty box.

## DRAFTING vs NOT DRAFTING vs BLOCKING

## PENALTIES

	DRAFTING			BLOCKING
	1st offence	2nd offence	3rd offence	
SHORTER	30 sec*	DSQ*	n/a	5 sec
SPRINT & MIXED RELAY	30 sec*	DSQ*	n/a	10 sec
STANDARD	1 min	DSQ	n/a	15 sec
MIDDLE	2 min	2 min	DSQ	30 sec
LONG	3 min	3 min	DSQ	1 min

Time penalties must be served in the next penalty box.

\* If the sprint event is draft legal, there are no drafting penalties.

## OTHER VEHICLES

15 METRES

35 METRES

You must remain 15 m behind motorcycles and 35 m behind other vehicles to prevent drafting.

## 12.8 BIKE TECHNICAL SERVICE

The official bike shop Moto Bike Pontevedra will provide the bike technical assistance during the event.

Additionally, next to the Transition Area we will have a [Scandic ONBIZI bike repair station](#) free to use for the athletes.

*Note that this technical service is only for emergency cases. All athletes must bring their bikes in perfect racing conditions.*

Terms for Elite/U23, Junior and Para athletes: will be charged only for parts.

Terms for Age Group athletes: will be charged for parts and labor at store rate.

## 12.9 PHYSIOTHERAPY

### Physiotherapy service for athletes on competition days (Standard Duathlon and Long Distance Triathlon/Aquabike).

In the University Pavilion there will be free, post-competition, physiotherapy assistance service in the Standard Duathlon (4 physiotherapists) and Long Distance Triathlon/Aquabike (6 physiotherapists) competitions.

It will be available on a first-come, first-served basis without prior booking. This recovery service will not be available for the rest of the competitions.

### Physiotherapy services in Pontevedra and Vigo areas.

In order to favour the recovery or treatment of pathologies before, during and after the competition, you can find below clinics and collegiate health professionals in Pontevedra area and Vigo.

#### PONTEVEDRA

Clinicas ON - Santiago Chain (col. member number 2230): +34 680347563

Clinicas ON - Xoan Velazquez (col. member number 2577): +34 618947854

## 12.10 MEDICAL SERVICES – INSURANCE

There will be First Aid and Emergency Medical Services for basic medical assistance at the transition areas and finish line on competition days. Medical and Paramedical personnel will be available throughout the racecourses. Several ambulances will be available to provide evacuations to Pontevedra hospitals (\*).

**IMPORTANT: Foreign Athletes / NF Teams are responsible for their own insurances and should make sure that they have appropriate medical and civil liability insurance.**

**Emergency telephone number: 112**

(\*) Reference hospital: Hospital Quironsalud Pontevedra

Emergency vital evacuations: Hospital Universitario Montecelo

## 12.11 WOMENS' ATHLETES SERVICES

This championship has an integration policy for women and the actions that will be implemented at this moment are the following:

### Support and safety

- No tolerance policy for harassment of any kind (includes participants, all event volunteers and staff)
- Penalise aggressive riding -> enforced by Technical Officials
- Support for slower finishers

### Facilities

- Breastfeeding rooms are available on the circuit: CGTD and Expo Zone.
- Information on nursery services of private centres.
- Propose private changing rooms and toilets just for women.: CGTD, University Pavilion and Pontillón do Castro.
- If necessary, feminine hygiene products are available: Expo Zone Sustainability Stand, CGTD Information Point.

## 12.12 FINISHER MEDAL

Perhaps three or four thousand years ago, someone wanted to say something by carving a symbol on a stone in Verducido, close to where this year's Cross Triathlon & Cross Duathlon World Championships will take place. Very close to that stone, dozens of the world's best cross triathletes and cross duathletes will carry among their memories a symbol of the millenary Atlantic civilisation of the Bronze Age.

A symbol created from the shapes of the [Petroglyph do Loural](#), which is still standing on a stone near the circuit, will serve to personalise the 2025 World Triathlon Multisport Championships Pontevedra finisher medal.

## 13 VOLUNTEERS

We all know that the success of any sporting event is largely due to the Volunteer Team. Their help in carrying out various essential organisational tasks is vital for the perfect execution/operation of the safest and most fantastic event possible for athletes and their supporters alike!

Around 500 volunteers will help with different aspects of the event's organisation such as supporting administration tasks and TOs, helping with protocol issues, access control and management, athletes' and spectators' support etc. This is a unique opportunity to enjoy the sports event from within the organisation, to meet athletes from all over the world and be involved in endless exciting aspects related to our 2023 World Triathlon Championship Finals Pontevedra!

Join us to organise the most important sporting event in recent years in Pontevedra. Anyone over the age of 16 who wishes to be part of this great team is welcome! We only ask you to give us some of your time and to be willing to help out! For more information visit <https://pontevedra.triathlon.org/en/volunteers/>

Be part of an unforgettable experience! We encourage you to say THANK YOU to them (Volunteers and Officials) whenever possible. Without them, this event would not be possible!

## 14 MEDIA ACCREDITATION

For information or media requests you can contact:

Daniel Márquez (+34) 650646102 – [daniel.marquez@triathlon.org](mailto:daniel.marquez@triathlon.org)

Click on this [link](#) to request registration as accredited Media of the 2025 World Triathlon Multisport Championships Pontevedra.

To collect the accreditation, it will be necessary to present DNI, passport and/or the card of the journalist of the media.

Additionally, Media can access **World Triathlon** imagery and athlete profiles by registering for a World Triathlon Media Centre account by clicking [here](#).

## 15 DOPING CONTROL

As a World Triathlon Age-Group athlete going to a World Championships, you are subject to Doping Control.

If you get selected for Doping Control someone will approach you and notify you that you have been selected for Doping Control. This could be done even before your race. For example, after you pick up your registration package or check in your bicycle into the transition area. The Doping Control Officer and/or Chaperone will explain the procedure to you, but you should be aware that you have certain rights and responsibilities.

You have the right to:

- Nominate a representative of your choice to accompany you to Doping Control.
- Arrange an interpreter (if required).
- Request additional information about the Doping Control Procedure.
- Request a delay in reporting to the Doping Control Station for valid reasons. (These reasons may be to receive necessary medical attention, locate a representative or fulfill a media commitment but you must have the consent of, and be in full view of, the Doping Control Officer or Chaperone).
- Request necessary modifications if you have a disability.
- Note any concerns with the Doping Control Process on the Doping Control Form.
- In case of a positive finding in your Sample A, you have the right to request part 'B' of your sample be analysed to confirm a positive result and a fair hearing in accordance with the World Anti-Doping Code.

Your responsibilities include:

- Be aware of, and comply with, the World Anti-Doping Code and the World Triathlon Anti-Doping Rules.
- Be aware of which substances are not allowed as they are on the Prohibited List.
- Comply with requirements for Therapeutic Use Exemptions (TUE). A TUE allows you to take a substance on the Prohibited List, if that is the only option available to you and you meet specific requirements. There are strict rules governing TUEs so it is best to check those out before the event. As an Age-Group athlete you may apply for a retroactive TUE but it is not guaranteed so you may want to request one no later than 30 days prior to racing. You can find here the [TUE Form](#). If you want to apply for a TUE, please filled the form and send it to your National Anti-Doping Agency.
- After being notified for a doping test, to report to the Doping Control Station immediately or within the required time specified by the Doping Control Officer or the Chaperone.
- Control your sample until it is sealed in the sample collection kit.
- Ensure the sealed sample collection kit is secure and identified; and
- Ensure all appropriate documentation is accurate.

**You must have photo identification to take with you to the Doping Control Station.** It is also a good idea to make sure that you have access to your National Federation Age-Group Team manager's phone number so that you can let them know that you have been selected for Doping Control.

We encourage you to complete the Anti-Doping Education course on our e-learning platform. You will be able to learn more about the Anti-Doping Rules! Click on this [link](#) to access it.

If you have any questions about anti-doping, you **should visit the World Triathlon Anti-Doping booth at the EXPO** where volunteers will answer any of your questions.

You can check out the Age-Group Anti-Doping section on:

[https://triathlon.org/agegroup/anti\\_doping](https://triathlon.org/agegroup/anti_doping).

If you have any questions, you can ask at World Triathlon Anti-Doping Manager:

[Jeanne.courbe@triathlon.org](mailto:Jeanne.courbe@triathlon.org)

## 16 CYCLING SAFETY

### PERSONAL SAFETY

Prior to departure, please make sure your closest back home knows where you are and what to do if something bad happens (hopefully not!). As for those who come with you to Pontevedra, friends and relatives, they should also know what to do and who to contact back home in case of an accident, for example.

**Cycling the city:** on the road, please ride always in single files. Cyclists must abide by traffic regulations and rules on the road. Be aware! Your cycling training is at your own risk.

These are some aspects to be considered regarding road rules for cyclists:

### BEFORE STARTING YOUR RIDE ON THE ROAD

Look backwards to check there are no other vehicles coming along or that they are faraway.

It is also compulsory to signal your future movements to other road users (motorists, pedestrians, etc.) by extending your arm, horizontally, at the level of the shoulder.

### WHEN RIDING IN THE CITY

Please, ride as close to the right side of the road as possible to allow other motorists to overtake.

If you cycle in a group, you can cycle two abreast but never more.

In case of bad weather, poor visibility or traffic congestions, ride in single files.

### RIGHT OF WAY OF CYCLISTS

If riding along a cycle path, a crossing for cyclists or a properly signalled shoulder, cyclists have right of way in detriment of other motorists.

Cyclists also have right of way when the motor vehicle about to take a turn, to the right or the left, aims to enter another carriageway and the cyclist is very near or when cyclists are riding in a group and the leader has initiated the manoeuvre to cross or has entered in a roundabout.

### CYCLISTS HAVE TO YIELD THE RIGHT OF WAY

Before a signalled zebra crossing or just before turning to enter another lane and there are pedestrians crossing, even if there is no zebra crossing, cyclists must yield the right of way to pedestrians and oncoming traffic.

### WHEN APPROACHING A CROSSING OR A JUNCTION

Right of way will always be verified, respecting the signposting: a police officer with the arm vertically raised or with the arm or arms extended.

Also, when you see a traffic light sign or signal, for example the red light or the non-flashing yellow light at the traffic lights, unless the cyclist is so close of the place where he/she is meant to stop and, thus, he/she cannot stop safely before the traffic lights. Or also before a stop sign where the cyclist must stop, or before a vertical yield sign if other motorists or pedestrians have right of way.

### IF YOU NEED TO STOP OR MAKE A SUDDEN STOP

Hand signals must be used to warn the other road users by lifting your arm, up and down alternatively, making short and fast movements.

### RIGHT TURN

Please keep to the right of the carriageway and check whether it is safe to turn right (check the position of other motorists on the road); give an appropriate arm signal when you wish to turn (early enough and with the right arm bent upwards and the palm outstretched), or else, with the right arm horizontally and the palm outstretched downwards.

### LEFT TURN

**ONE-WAY STREET:** keep as close to the left edge of the street as possible and give an appropriate arm signal early enough (the left arm horizontally extended at the level of the shoulder, the hand outstretched downwards, or the right arm bent upwards, and the palm outstretched).

**DOUBLE-WAY STREET:** respect the centre line or median, and if there isn't any, bear in mind the axis of the carriageway. Never swerve into the opposite lane (oncoming traffic).

**A LANE HAS BEEN ADAPTED FOR THIS TURN:** either urban or inter-urban, riders must take this lane, ASAP, and turn when traffic signalling allows it.

**THE INTER-URBAN CARRIAGE HAS NO ADAPTED LANE:** to take a left turn, riders must keep to the right, outside the carriageway if possible, and from this position take the turn left when it is safe to do so.

### WHEN RIDING ALONG INTERCITY/URBAN LANES

Use ALWAYS cycle lanes and cycle paths if they are available. They will mostly be signposted.

If there are no cycle lanes and/or cycle paths, keep to the right side (hard shoulder) of the road when practicable and/or wide enough, otherwise, just cycle on the carriageway but do not take more room than needed.

Cyclists can only leave the hard shoulder in a prolonged descent with curve if it is safe to do so.

## OVERTAKING

Before overtaking, please make sure:

- The road is sufficiently clear ahead (no oncoming traffic or too far away)
- There is a suitable gap in front of the road user you plan to overtake

Overtake only when it is safe and legal to do so. You should:

- Not get too close to the vehicle you intend to overtake
- Move quickly past the vehicle you are overtaking once you have started to overtake. Allow plenty of room. Move back to the right as soon as you can but do not cut in.
- Give motorcyclists, cyclists and horse riders at least as much room as you would when overtaking a car

Please, warn other road users early enough and check there is plenty of room to overtake without putting in danger oncoming motorists. The law when overtaking: 1.5m is a minimum safe distance for overtaking in slow moving traffic. If you cannot allow the minimum distance, do not overtake until you can! SAFETY COMES FIRST!

It is not considered “overtaking” when a cyclist overtakes another cyclist when riding in a group.

## RIDING ON MOTORWAYS AND/OR HIGHWAYS

As a general rule, cyclists are banned from riding on motorways and/or highways. SAFETY COMES FIRST!

Ride the course: we recommend you ride the competition course (when possible) to become more familiar with it!

<https://www.dgt.es/muevete-con-seguridad/viaja-seguro/en-bicicleta>

<https://www.dgt.es/comunicacion/noticias/20-normas-que-todo-ciclista-debe-conocer/>

## 17 ROAD SECTION FORBIDDEN TO CYCLISTS

On non-competition days, on the way to the turnaround in Estribela, there is a section (red line) of the LD Triathlon/Aquabike bike course that is forbidden to cyclists.

From this roundabout you cannot enter the motorway E-1 AP-9 Vigo Santiago.

The fine can be 500,00€.

## 18 SUSTAINABILITY AND ACCESSIBILITY

The **2025 World Triathlon Multisport Championships Pontevedra 2025** has designed a sustainability strategy, and the main objective is to prevent negative impacts, move towards a more sustainable model and align with the Sustainable Development Goals of the 2030 Agenda.

Other **sustainability objectives** are:

- ✓ Combat climate change.
- ✓ Reduce the water and ecological footprint.
- ✓ Apply circular economy principles: redesign, rethink, reduce, reuse, repair and recycle.
- ✓ Promote responsible consumption and strengthen the local economy.

- ✓ Promote health and social integration through sport.

**How can you help?** Participate with the following actions:

- Say no to single-use plastic! help us reduce plastics and come with your reusable bottle to drink during your stay and workouts.
- In the race, collaborate with the recycling, throw the bottles into the collection bin, it is signposted!
- Let's reuse cups! Throw the cups into the collection bin, it's signposted!
- Give your equipment a second life! in the Expo Zone there will be a space where you can deposit your unused clothes and sneakers to donate to those who need it most.
- Different countries, different colours! A good memory of these finals can be to exchange your shirt with other athletes of different origins in the Closing Ceremony!
- Have you already listened to any of the songs from the Spotify playlist that has been brewing before and during the event?

Remember that in these finals there are different **breastfeeding areas** adapted to the needs of mothers and fathers with babies who need it, combining sport and maternity and paternity is possible in these finals.

**Be sustainable**, you can give up the athlete's gift, avoid accumulating products that you are not going to use. You can deliver these products to the sustainability stand in the EXPO ZONE area, there is a collection container for unused sports products for social or sports entities.

Find out more about services for women athletes in the sustainability section of the website.

You can also:

- Let's take care of the **aquatic environment** together! Remember that in these finals we strongly recommend to use the use of water-friendly sunscreen creams.

The greatest  
**ECOLOGICAL IMPACTS**  
of sunscreen creams  
on the environment  
occur when they are  
diluted in **WATER**

**EFFECTS OF CHEMICALS  
ON AQUATIC BIODIVERSITY**

- They can influence the growth of living beings
- They can cause malformations
- They can reduce fertility and therefore reproduction
- They can accumulate in the tissues and be transferred to offspring
- They can damage the immune and reproductive systems

**AVOID CREAMS  
THAT CONTAIN CHEMICALS  
THAT CAN BE HARMFUL  
FOR AQUATIC LIFE**

3-Benzylidene camphor,  
4-Methylbenzylidene camphor, Benzophenone-1,  
Benzophenone-8, nano-Titanium dioxide,  
nano-Zinc oxide, Oxybenzone, Octinoxate,  
Octocrylene, OD-PABA,

**PROTECT YOUR SKIN AND THE ENVIRONMENT**

- Protect your skin from sunlight every day, even on cloudy days!
- In situations where your skin is directly exposed to the sun, it's best to use a Sun Protection Factor (SPF) of 50 or 50+.
- Apply sunscreen well in advance of sun exposure, at least half an hour beforehand, and repeat this process every two to three hours.
- Take your protection to the next level by always opting for creams that are respectful of the environment and aquatic life!

**TOGETHER AGAINST CANCER!**

- Smoke-free space! remember that the event is a space where smoking is not allowed, and that cigarette butts contaminate the soil and the species that live in it. Take care of your health and the environment. Smoking causes cancer.

## ABOUT CIGARETTE BUTTS...

- They can take more than 25 years to decompose in the natural environment
- They release thousands of microplastics into the water as they deteriorate
- A single one contaminates 10 liters of seawater and 50 liters of freshwater
- They are the most common type of waste on the planet's public roads
- They are one of the direct causes of many forest fires
- They are one of the most common types of waste on beaches
- Wind, rain, and storm drains carry them to the sea

### EFFECTS OF CIGARETTES' BUTTIONS ON BIODIVERSITY

- They cause poisoning in earthworms and other soil organisms
- They can bioaccumulate substances in crustaceans, fish, and mollusks
- They can alter the genetic material of aquatic organisms
- They can be transmitted throughout the food chain
- They appear in the stomachs of fish, birds, and turtles

### THEY CONTAIN THOUSANDS OF TOXIC AND POLLUTING SUBSTANCES...

Acetic acid, Tar, Ammonia, Arsenic, Benzene, Cadmium, Cyanide, Copper, Ethylbenzene, Methanol, Mercury, Nicotine, Lead, Toluene, Xylene, Zinc...

**MORE THAN 5 TRILLION CIGARETTE BUTTS ARE THROWN DIRECTLY ONTO THE GROUND AROUND THE PLANET EVERY YEAR!**

## PROTECT YOUR HEALTH AND THE ENVIRONMENT

- Did you know that one in three cases of cancer (lung, larynx, bladder, esophagus, stomach, mouth, liver, pancreas, etc.) is related to tobacco? **DON'T SMOKE!**
- Tobacco is responsible for 30% of cancer deaths.
- Tobacco smoke contains more than 70 cancer-causing chemicals.
- Also, say no to cigarette butts on the ground, they take more than 12 years to degrade and, in the meantime, they continue to release toxic substances and pollutants into the environment!

**JUNTAS Y JUNTOS CONTRA EL CÁNCER!**

### Keep your flip-flops walking

Within the framework of the Sustainability Strategy of the championship, we want to meet the objective of applying the principles of the circular economy and that the products are in the system for as long as possible, which is why we are launching the campaign "Keep your flip-flops walking".

Deposit your flip-flops in the marked container and they will be delivered to a social entity so that other people can continue walking with them.

Participate!

## Move sustainably

For additional detailed information, visit the “Sustainability and Integration” menu in the official event website: <https://pontevedra.triathlon.org/>

If you cannot attend the medal ceremony, your Team Manager or one of your teammates should pick up your medal at the end of the ceremony.

## 26 NEW 2025 RULES

### Elite/U23, Juniors - Brake lever angulation (5.2.f.i)

The brake controls attached to the traditional drop handlebars shall consist of two supports with levers. It must be possible to operate the brakes by pulling on the levers with the hands

on the lever supports in a safe manner, in accordance with the maximum inclination of 10° of the brake levers as described in the Clarification Guide of the UCI Technical Regulations. Any extension to or reconfiguration of the supports to enable an alternative use is prohibited. A combined system of brake and gear controls is authorised.

### Brake hood body inclination

#### Legends

- Traditional handlebar plane, centre line
- Brake hood body plane, centre line
- Maximum permitted brake hood body inclination
- Measuring point
- Brake hood body area

### Para - Fairing and hydration system (5.2.1-o)

IMPORTANT: Please read the rule interpretation document about the fairing and hydration systems [HERE](#).
